

Tornado Body Dryer

A Gentle, Safe In-Shower Drying Unit

The slim **Tornado Body Dryer** takes so very little room in your shower, yet does so much to improve your experience!

www.tornadobodydryer.com

The Tornado Body Dryer provides a spa-like luxurious drying experience within your shower!

Benefits

- ✓ No more damp, smelly towels and wet floors
- ✓ It's GREEN! 70% less energy consumption
- ✓ Reduces condensation / mildew / germs
- ✓ Dry the hard-to-reach areas — safely
- ✓ Creates a really WOW! shower

Why is it the most successful & largest selling dryer?

- Only one that installs easily and inside the shower
 - ✓ No demolition / construction required
 - ✓ No need to step out of your warm shower and move to a separate drying area (*Come on... You're naked and wet — what's the point if you have to do that?*)
- Only one with a patented air-flow design
 - ✓ Dries you evenly from head-to-toes
 - ✓ You can stand or sit in one spot — the air moves around you
 - ✓ Gentle — you won't feel like a car in a car wash

Features

- Compact and lightweight (approx 9 lbs)
- Attractive, durable ABS plastic casing
- Easily installed **inside** shower enclosure
- Two speed settings; simple and safe to operate
- Consistent, even airflow *
- Powerful, energy efficient 220v / 12.5amp motor
- Maintenance-free / Proven durability and reliability

Also ideal for those with physical challenges, sensitive skin, etc.

* Patented airflow design creates a swirling vortex of air that provides a powerful, yet **gentle**, breeze of **warm air flowing evenly from head to toes.**
